Learning Solutions

ONLINE TRAINING

The Live Online Instructor Led Training (LO-ILTs) from InfoSec Train is conducted by Certified experts that provides you the flexibility to upskill on any IT technology from anywhere in the world. Our Live Online ILTs focus to offer weekends only batches delivered through the 4 hours/ day training sessions. We also offer session recordings for future reference as well as remote access to lab sessions.

ONSITE TRAINING

With its quality trainings and certification courses, InfoSec Train is on a mission to spread information security preparedness around the world. Through trainings delivered at their own facilities, our onsite training model enables globally dispersed organisations to pursue their business goals with greater efficiency. We focus on conducting a thorough analysis of our clients' needs in order to strategize the best training solution for them. We also offer custom-designed training solutions with customised content, as well as post-training evaluation to calculate training ROI and contribute to business profitability.

TAILOR MADE TRAINING

We value concise and straightforward solutions that save you time and money while making you an expert in what you intend to do. Our topic-based training solutions assist you in acquiring the necessary knowledge to improve your skills. Our course delivery ensures that you will receive one-on-one consultation and training. We also offer custom-tailored courses that are specifically designed to provide you with optimum career opportunities.

CAREER ORIENTED TRAINING

Our comprehensive personalised training assists individuals and working professionals in pursuing promising career opportunities and excelling in their chosen roles. Our career enhancement training courses enable you to leverage lab-intensive understanding with practical implementations, pre- and post-training assessments, and market readiness for prestigious job roles.

Our Values

Respect

We dearly respect and value our stakeholders and their contribution

Accuracy

We act accurately, fairly, ethically and openly in all we do.

Service

We put our clients and customers at the center of what we do.

Distinction

We use our energy, skills and resources to deliver the best and sustainable results.

Stewardship

We are passionate about converting things better than we found them.

Innovation

We keep ourselves updated with the latest market trends of the Industry.
